Diversity ?

We believe that our company and communities benefit when we provide equal opportunities for diverse suppliers to compete for our business. By including qualified diverse suppliers in our purchasing process for products and services that meet our requirements, we will strengthen our business position and that of our suppliers and customers.

We actively seek suppliers that are recognized by certifying entities and government agencies. These suppliers include small businesses and businesses that are owned by veterans, minorities, members of the lesbian, gay, bisexual, transgender and queer (LGBTQ) community, people with disabilities and women.

Click the button below to choose the diversity classifications that apply to your business.
